DARREN THOMPSON
SHERIFF - CORONER

Private Property Owner/Manager:

The San Benito County Sheriff's Office can enforce trespassing violations occurring on private property without the owner/manager being present by having written authorization on file at the Sheriff's Office. Our records indicate that sometime prior to this mailing a written request was made from the property owner at this address.

In the event that the request is still valid, the property owner must complete the following and be willing to testify in court, should the need arise. This authorization will expire one year from the date of signature. If you wish for this authorization to continue beyond this date, you must renew this authorization every year. Once complete, please return this document to the address listed above.

This letter shall authorize the San Benito County Sheriff's Office to patrol and make any arrests or citation necessary for trespassing on the above named property. We will extend full cooperation to the Sheriff and his personnel on any arrest or citations issued by them while in the performance of their duties.
